TO
TELEPHONE CALL ~~KREM~~ MR. HAGERTY

The Sec. suggested I read it (the statement) to his sec., which I did.

Then the Sec. and H. talked. The statement was o.k. except for a couple of minor changes they agreed on - such as using SEATO. The Sec. said the Pres. should duck specific questions. He can say the text of many of these documents is only available at Geneva. The Sec. has not had time to make a full report. After this preliminary, the Pres. can read the statement.
